If yes, please identify and/or describe the material: _____

Results of Review

File #: 91-117025

Item or Specimen # Reviewed: _____

Review of Laboratory Report(s) and Bench Notes:

Note: Numbered comments are required below or on additional pages for any "No" or "Unable to Determine" Responses

- 1) Did the examiner perform the appropriate tests in a scientifically acceptable manner, based on the methods, protocols, and analytic techniques available at the time of the original examination(s)?
☐ Yes ☐ No ☒ Unable to Determine
- 2) Are the examination results set forth in the laboratory report(s) supported and adequately documented in the bench notes?
☐ Yes ☒ No ☐ Unable to Determine

Review of Testimony:

Note: Numbered comments are required below or on additional pages for any "No" or "Unable to Determine" Responses

☒ Transcript not available.

- 3) Testimony consistent with the laboratory report(s)? ☐ Yes ☐ No ☐ Unable to Determine
- 4) Testimony consistent with the bench notes? ☐ Yes ☐ No ☐ Unable to Determine
- 5) Testimony within bounds of examiner's expertise? ☐ Yes ☐ No ☐ Unable to Determine

Comments

(Set forth by above question #, if applicable.
Use "Additional Comments" Sheet, if needed)

File #: 91-117025

1) The notes do not indicate what characteristics were used to determine the species of wood for specimens Q5-Q11, Q16, Q17G, Q17I, Q18 and Q20. Therefore no determination can be made if the appropriate tests were performed.

2) The notes do not support the conclusion in the laboratory report that the species of wood is sugar pine. The notes indicated that the wood contained "pinoid pits" which are not found in sugar pine. Sugar pine has window-like pits.

Review completed at: 9:20 am (Time), 5 / 22 / 2003 (Date)

Total time spent conducting review (to nearest 1/4 hour): 1 hour

I hereby certify that I conducted this review in an independent, unbiased manner and that the results of my review are fully documented on this report consisting of a total of 3 pages.
